Students

Mico Olmos phones the surf report to check on the waves.

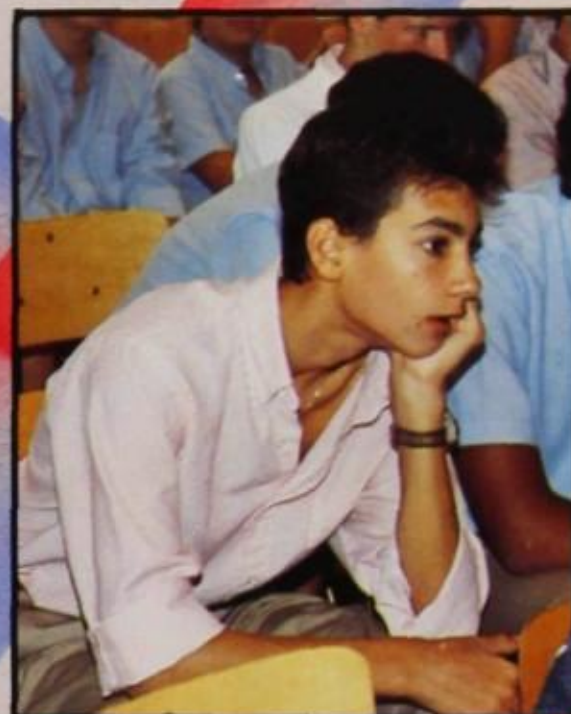

Rory Freedman and Claudia Figueredo enjoy a beautiful day on the volleyball court.

Seniors Victor Morosco and Tripp Jones decide whether they should pose for "The Spartan". Oops, too late!!

Ali Malnik just can't get enough of that piell

Brian Cohen listens fascinated to Mr. Creeden's six potentials.

Nooshin Ketabchi looks off into the distance.

"The Spartan" gets an exclusive picture of Juan Martinez, Country Day's most elusive bohemian.

Upon visiting the Country Day campus, a famous educator commented "Never have I encountered a student body so full of the vibrant joy of discovery in all things, academic, cultural, and intellectual as I have in Miami Country Day School" . . . But seriously now, we do have a lot of fun here. We are also a diverse student body, which makes for a group of achievers that rival's any other school's, despite their size advantage.

Faculty

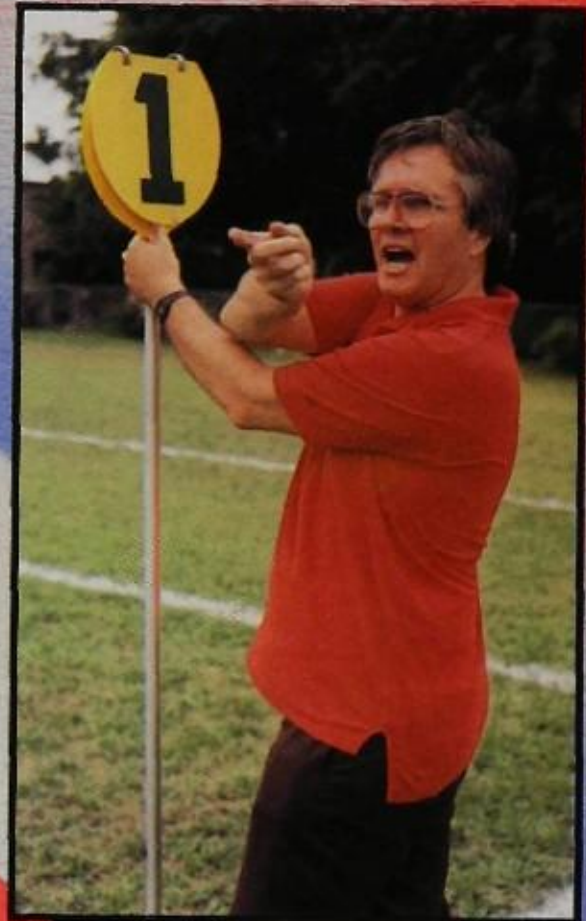

Mr. Dewitt is caught just before flinging a burning remark at a defenseless student.

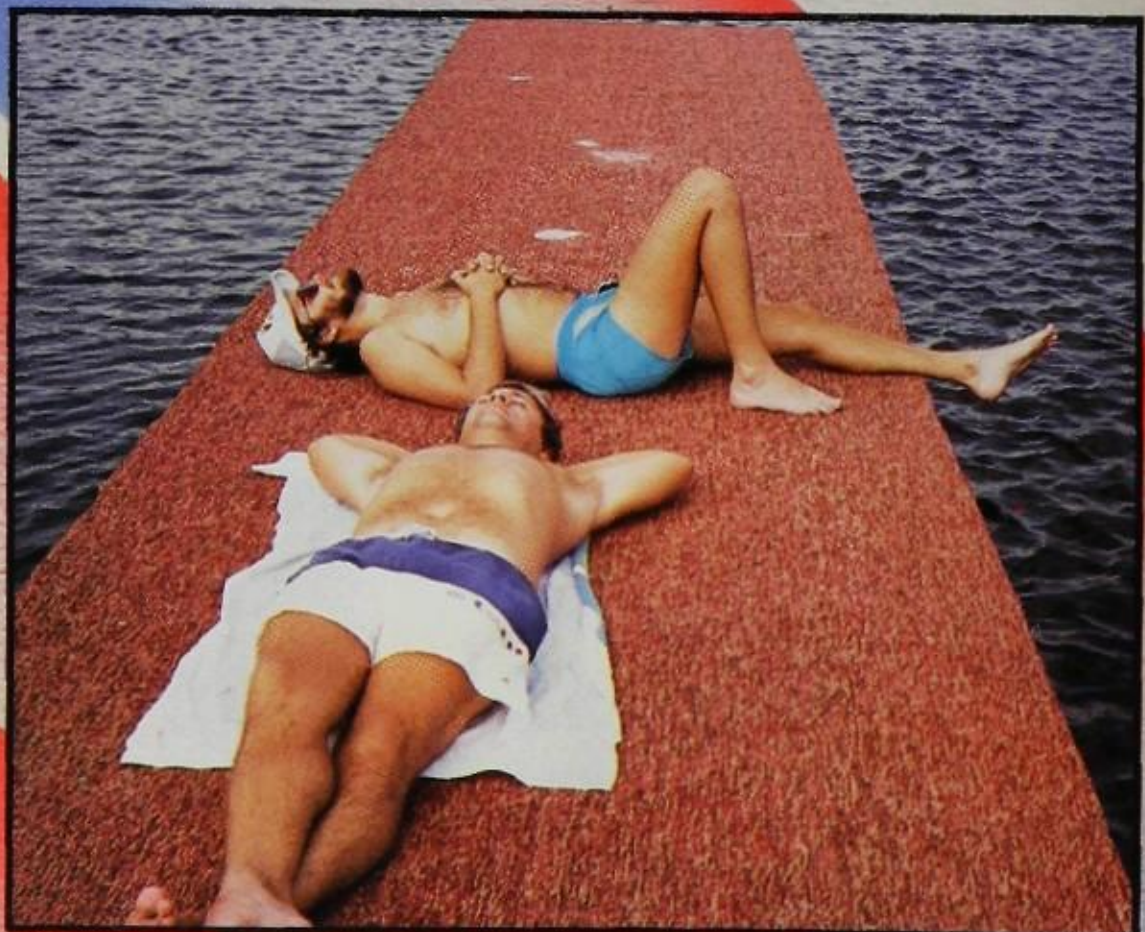

Miami Country Day School students are lucky in that they are taught by some of the most dedicated and skillful teachers around. Thanks to our headmaster, Mr. Creedon, our faculty grows and develops in its relationship with its students through school events and collaboration in a whole gamma of student-faculty joint efforts.

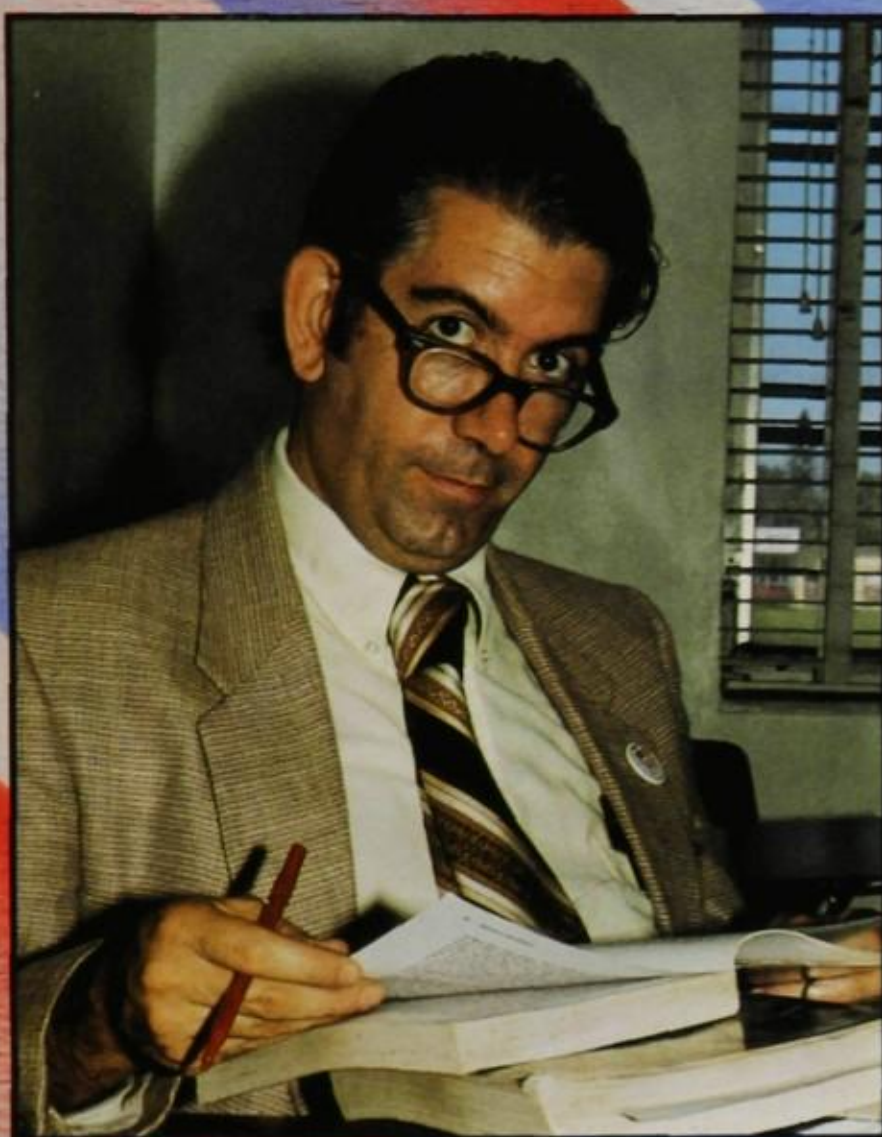

4 FACULTY

Dr. Donnelly helps out at homecoming as a line judge.

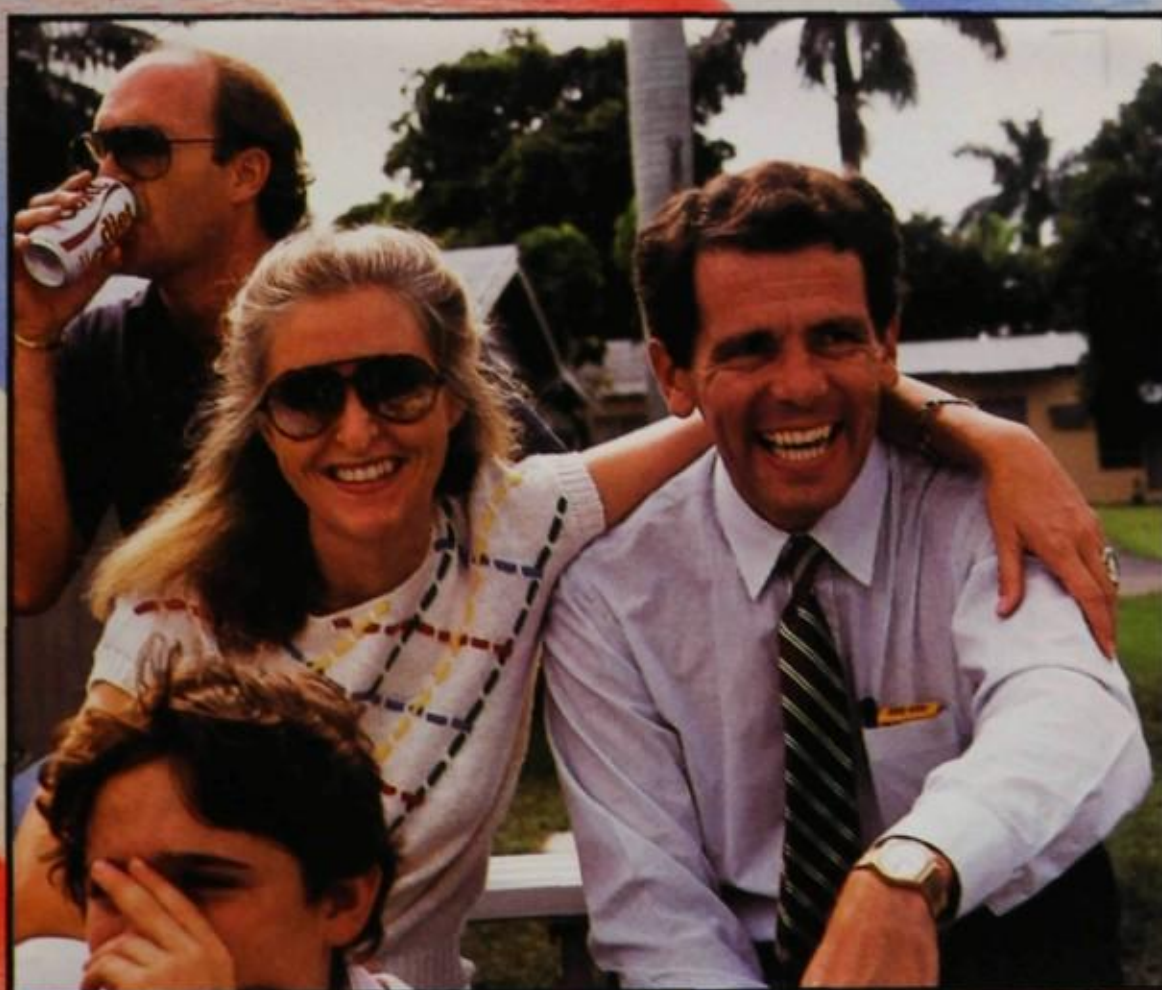

Mr. Kulz and Mr. Dewitt take time out to "catch the rays" during the senior retreat.

Mr. Head shows us his "at work" mode.

Ms. Rosenfeld sports her patriotic gear.

Mr. and Mrs. Creeden take a break and go out for an afternoon of volleyball action.

Mr. Cronheim enjoys a soft drink in the parking lot.

Lower & Middle School

A happy group of sixth graders pose for "The Spartan".

George Schechter looks forward to going home by the pick-up area.

Kim Goldstein and Dana Gidney smile for the camera during a break from playing.

An athletic bunch of middle schoolers ease the tension with a bit of hoops.

Kevin and Bryce Taylor "take a dip" in the Country Day pool.

Sherrie Helms enjoys the action on the football field.

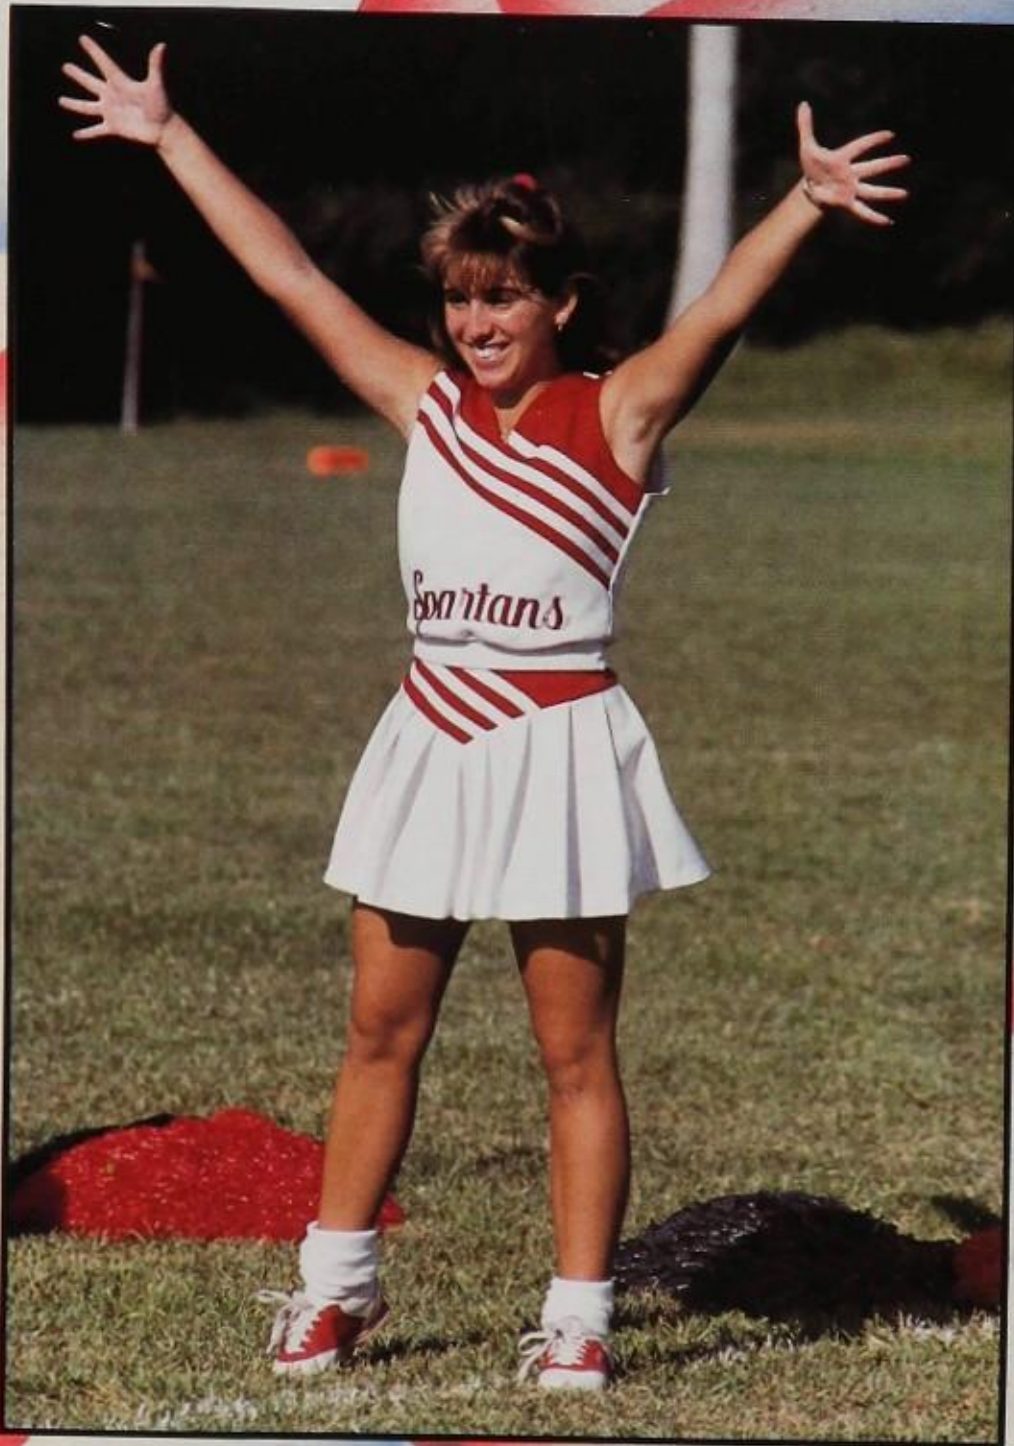

Bodie Olmos and Danny Abel get a little fresh air in between classes.

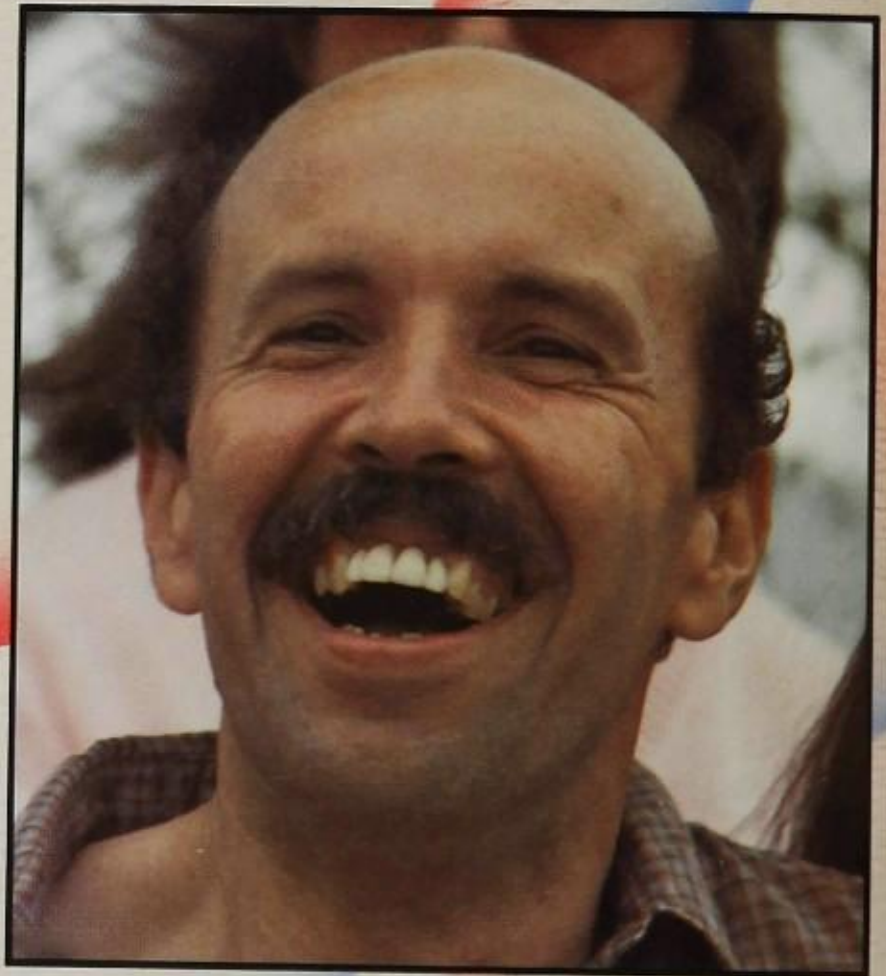

The Middle and Lower Schools are the force from which the Upper School draws. They are the true future of the school. That kid that you see there waiting patiently for his mom on the parking lot bleachers could turn out to be a future valedictorian, or an all American high school linebacker. The possibilities are endless!!!

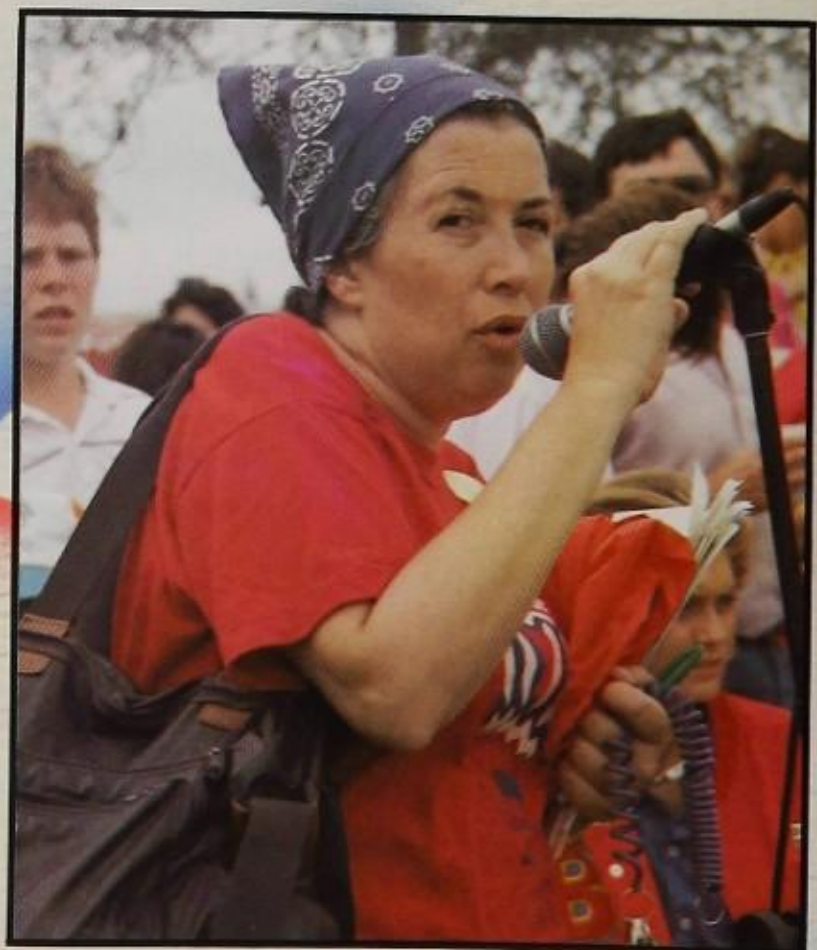

Spirit

Sarah Rees cheers at the Homecoming game.

Dr. Rogers shows what spirit is all about

Ms. Rosenfeld announces the Homecoming winners

Frances Koenning and Ms. Locker enjoy a volleyball game.

Miami Country Day School is alive and growing as evident in the homecoming activities and the homecoming football game, which aroused the spirit in the Miami Country Day students and faculty. The cheerleaders are another major driving force in getting the crowds into the spirit of an athletic game. The faculty and students come together to cheer on our members of the various athletic teams to victory. We are the school, We are the spirit. ON TO VICTORY!!!

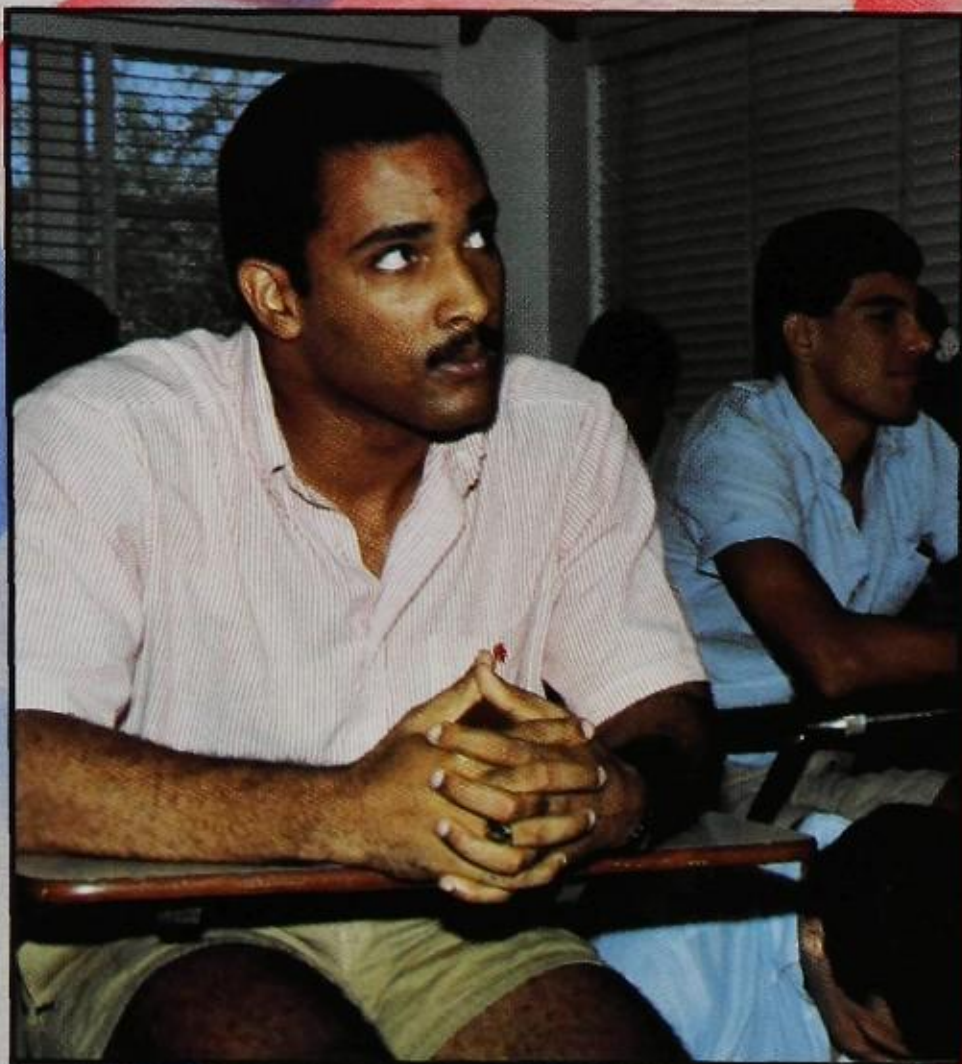

The football team lines up for a drive

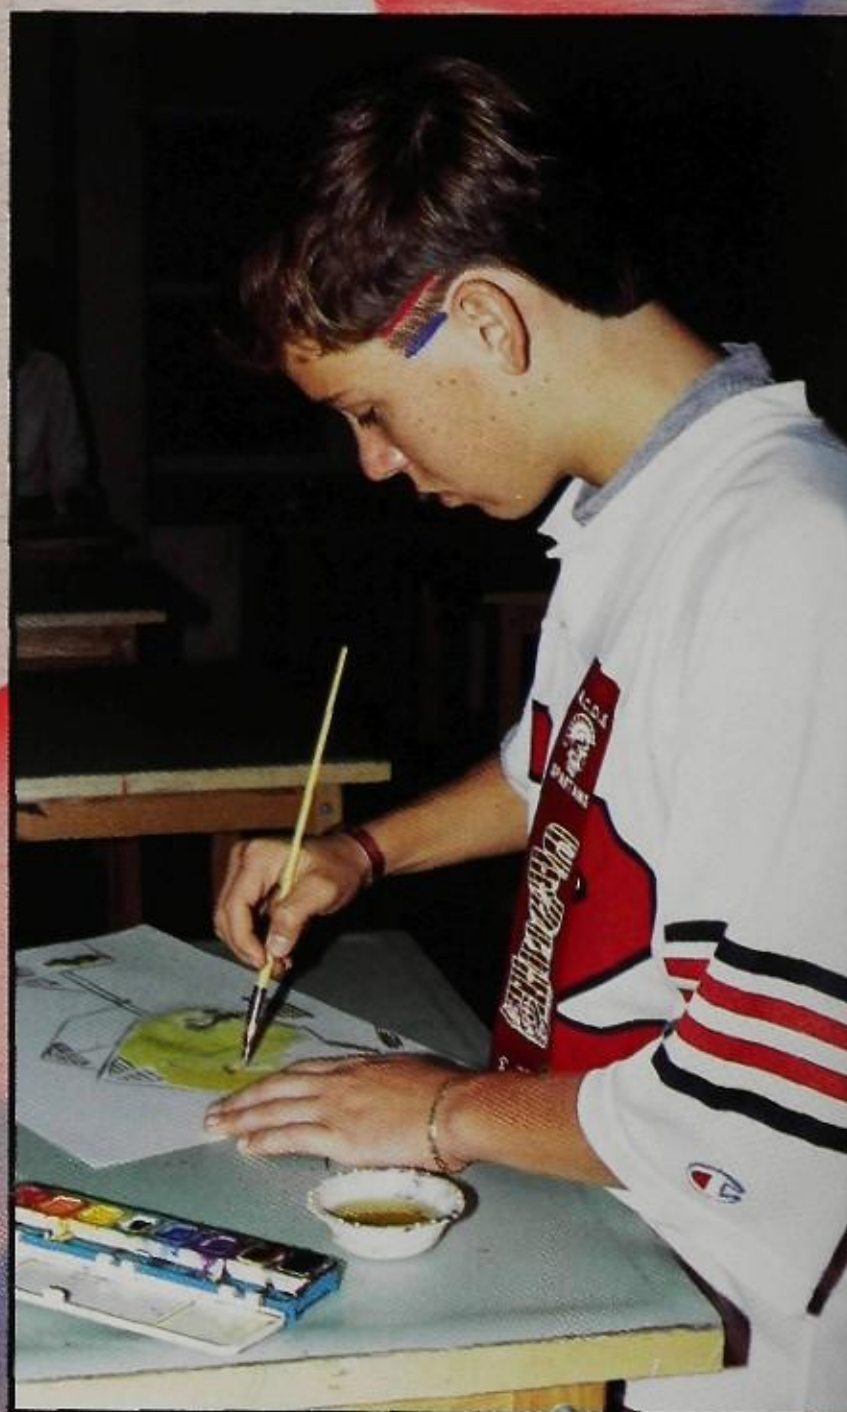

Laurie Troost cheers the Spartans to victory

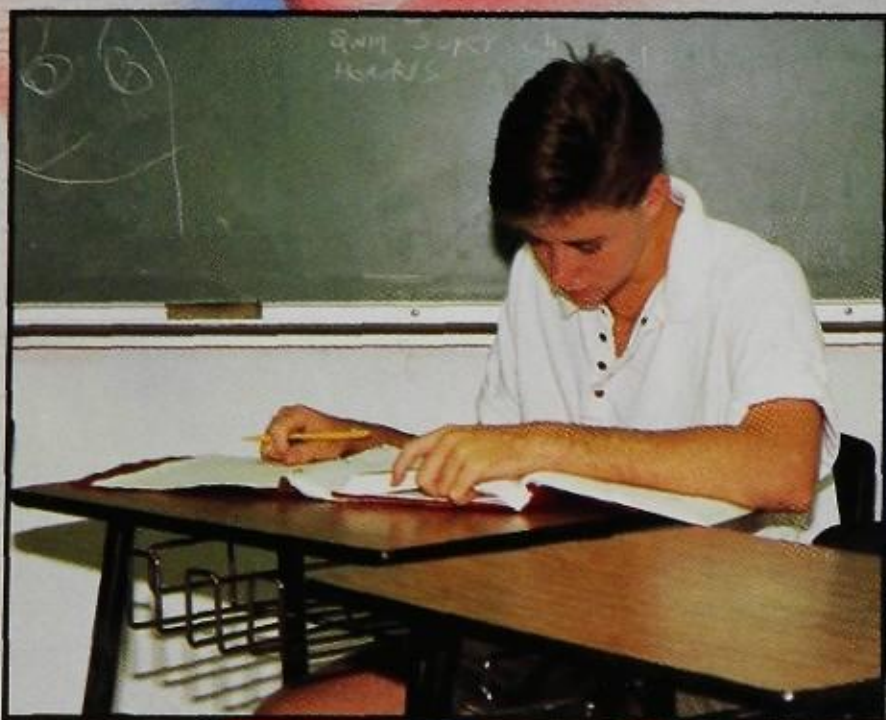

Academics

Tennyson Harris listens attentively to Mr. Head's class.

John Camp creatively expresses himself.

Chris Wynne prepares his homework during study hall.

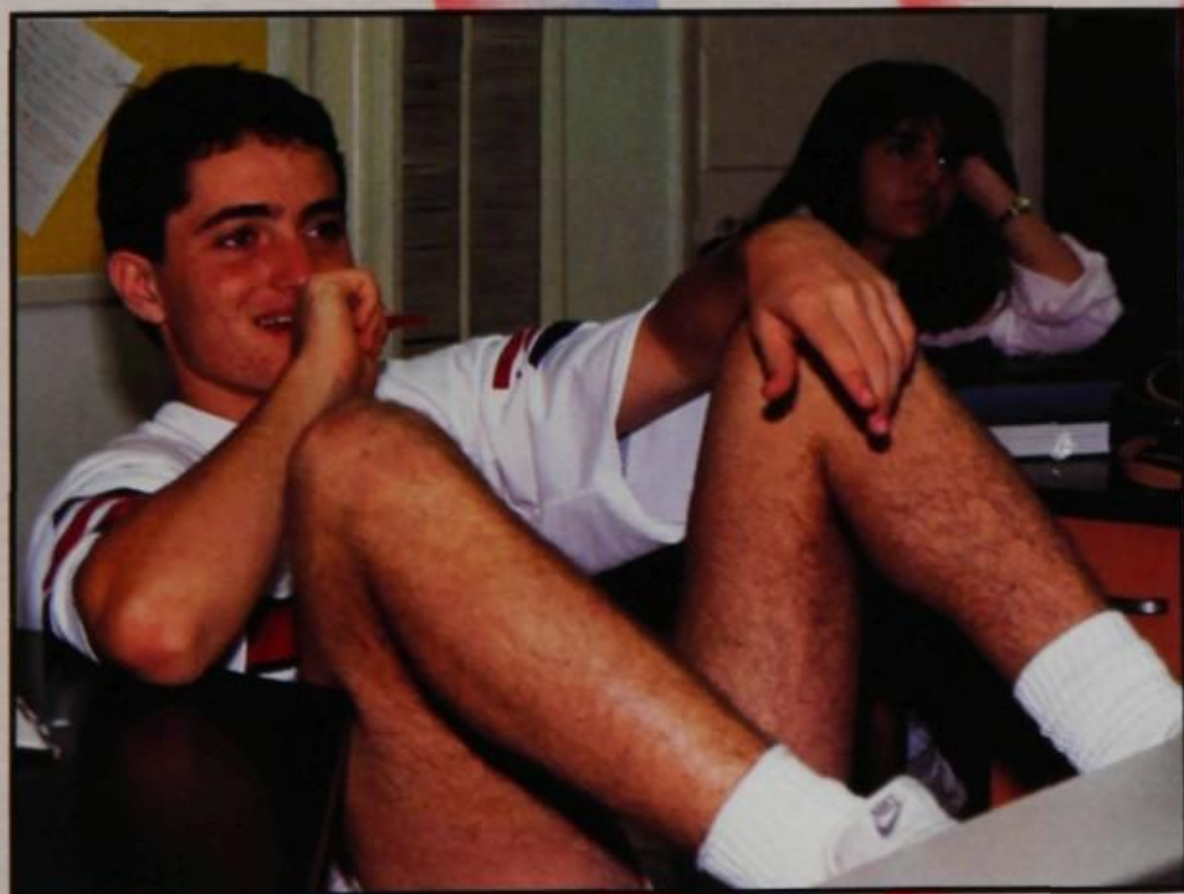

Miami Country Day School offers a wide variety of courses ranging from electives such as: Psychology, Photography, Art, to advanced courses such as A.P. Biology, BEC English, and Calculus. This year a new course was offered throughout the Upper School, Writing Seminar. It motivated students, in all possible ways, to write clearly yet formally. We hope that as our curriculum expands, it will be as successful as Writing Seminar has been.

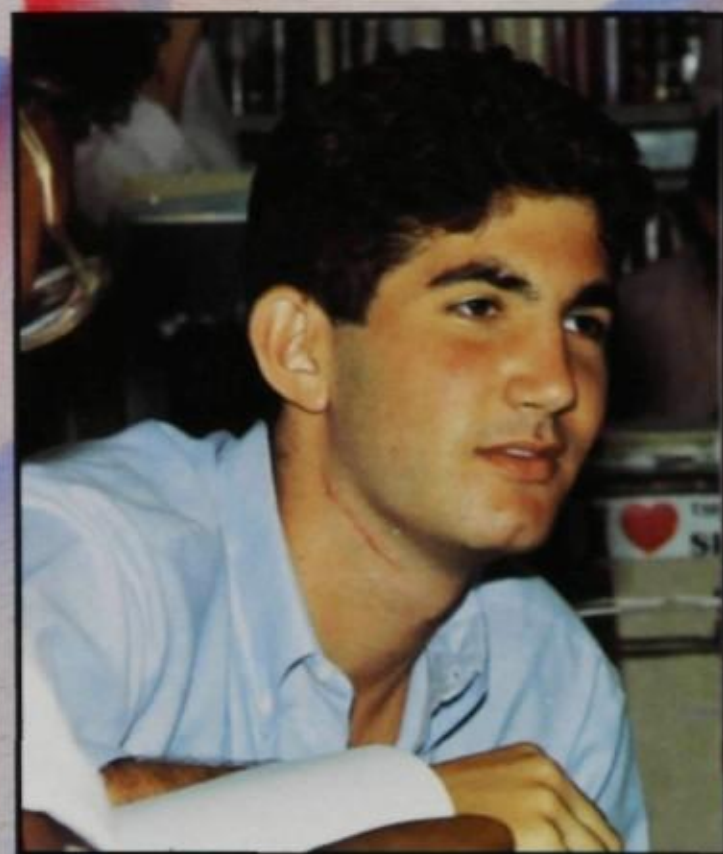

Eve Lopez asks Mrs. Katbab for some help in Chemistry.

Seth LaVey experiencing the classroom from the other end.

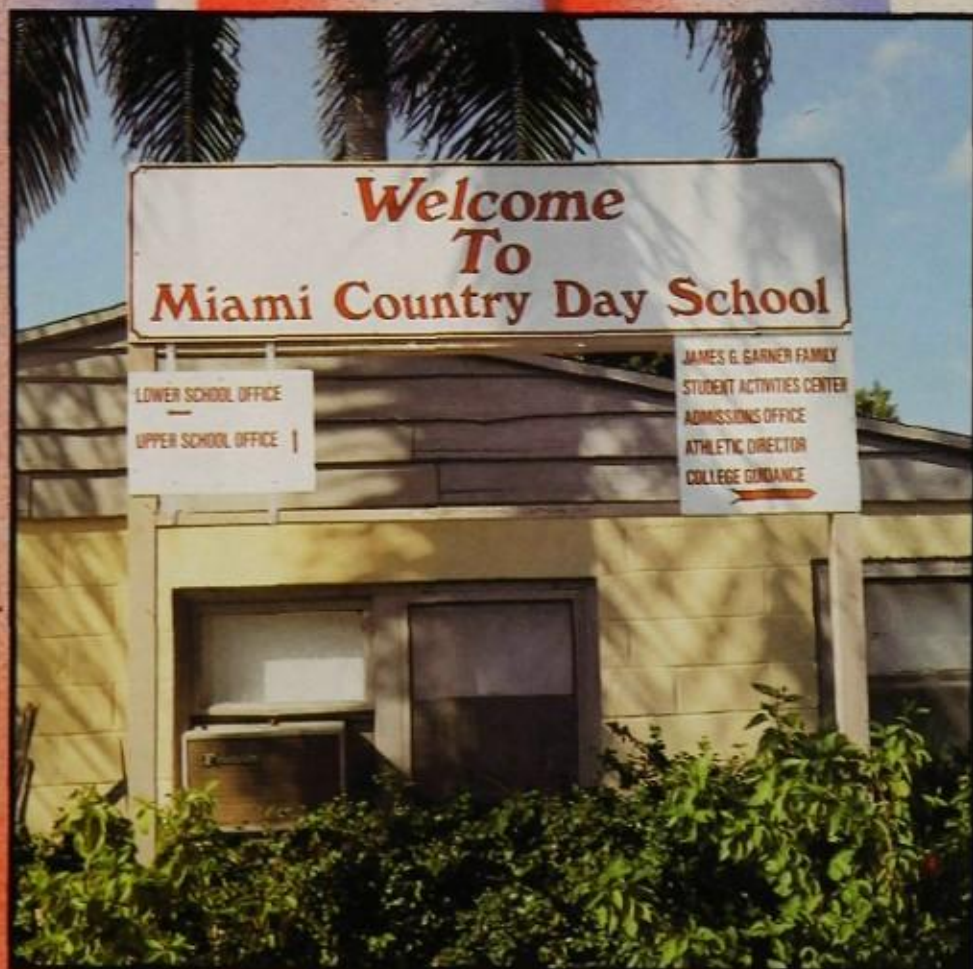

Scott Mursten takes time to enjoy the moment.

Brad Taplin caught in the thinking process.

Campus

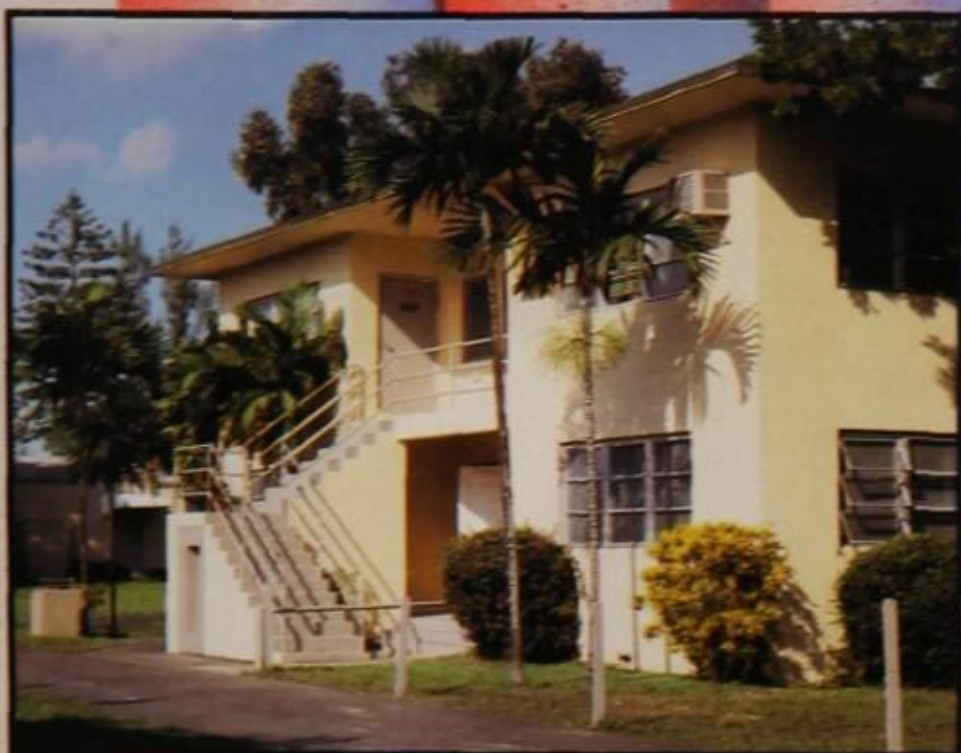

WELCOME TO MIAMI COUNTRY DAY SCHOOL!!

Walking on to the MCDS campus, one's senses are filled with variety and life. The Campus is set on a tropical landscape with palm trees, hibiscus plants, and exotic parrots. The canal that borders the school offers enjoyment of water sports and fishing. Everyone always enjoys Gene's cookouts in the Croft garden.

At the time of publication the J. Calvin Rose athletic center should be nearing completion.

New site of the expanded Upper School office as well as the Middle School office.

THE LOWER SCHOOL

The area where all students are picked up.

Family

Michael Behar shows the cameraman how to open VERY wide.

A group of middle schoolers stop for a "pic".

There is a family-type atmosphere at Miami Country Day School. An atmosphere which bonds the students closer together while also bonding the students with the faculty. Not only does the school have a lot to offer the students but the students have a lot to offer the school. Giving is what a family is all about, and Miami Country Day is one very large family.

A bunch of lower schoolers display acrobatic potential.

Leslie Hauser and Michael Shafor caught unexpectedly.

A group of lower school girls show us how to "Hoola Hoop"

RICARDO BABOUN

... let me summarize with a few words
that I stated earlier — Ricardo was a very
special young man. We collectively have
lost a son, a brother, a friend, a classmate,
a student, a teammate. We selfishly grieve
at our loss and the pain hurts. Yet, we
now we must go forward with heart
aching and wonderful memories of Ri-
cardo all too fresh in our minds.

A YEAR TO REMEMBER . . .

President and Mrs. Reagan greeted Pope Paul II when he arrived in Miami to begin a nine-city tour of the United States.

Marine Lt. Col. Oliver L. North, was a key official in the plan to finance anti-government rebels in Nicaragua with money from the arm sales to Iran.

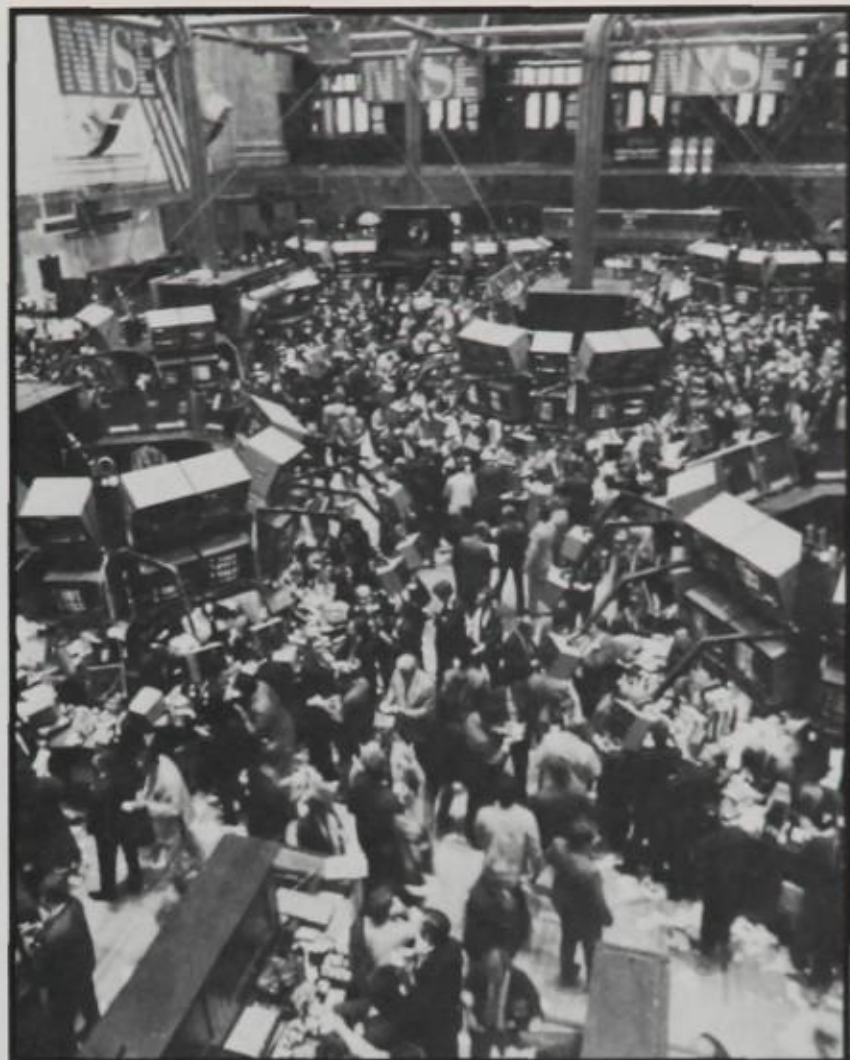

President Reagan talks with Soviet leader Mikhail Gorbachev during arrival ceremonies at the White House. The two super-power leaders held a three-day summit meeting in December and signed a nuclear arms control agreement.

In an effort to keep the Persian Gulf open to navigation, the United States began in July to escort vessels to protect them from Iran. In September the U.S. Navy blew up an Iranian ship that was caught laying mines in the Gulf. Several mines were confiscated.

The Senate rejected President Reagan's nomination of Robert H. Bork to the Supreme Court by a 58-42 vote, which ended a long contentious debate over a judge alternately portrayed as a brilliant jurist and a dangerous extremist.

The Dow Jones industrial stock average dropped 508 points, the largest in history, on Monday, October 19. Some called it a "crash", others called it a "meltdown" and others called it "Black Monday". Whatever it was, it stripped \$500 billion from the market value of U.S. securities.

In the six years since Americans first heard of a mysterious immunity-robbing disease from which no one recovers, AIDS has killed nearly 25,000 Americans, and millions of dollars have poured into medical research.

The Golden Gate Bridge in San Francisco celebrated its 50th birthday. About 250,000 people jammed onto the bridge for an anniversary walk across the span.

An earthquake that measured 6.1 on the Richter scale hit Southern California in October. It was not a catastrophic quake, but the damage was extensive.

President and Nancy Reagan wave to well-wishers from the South Portico of the White House. Reagan escorted his wife back to the White House from the Hospital where she underwent Breast Surgery.

1987

1988

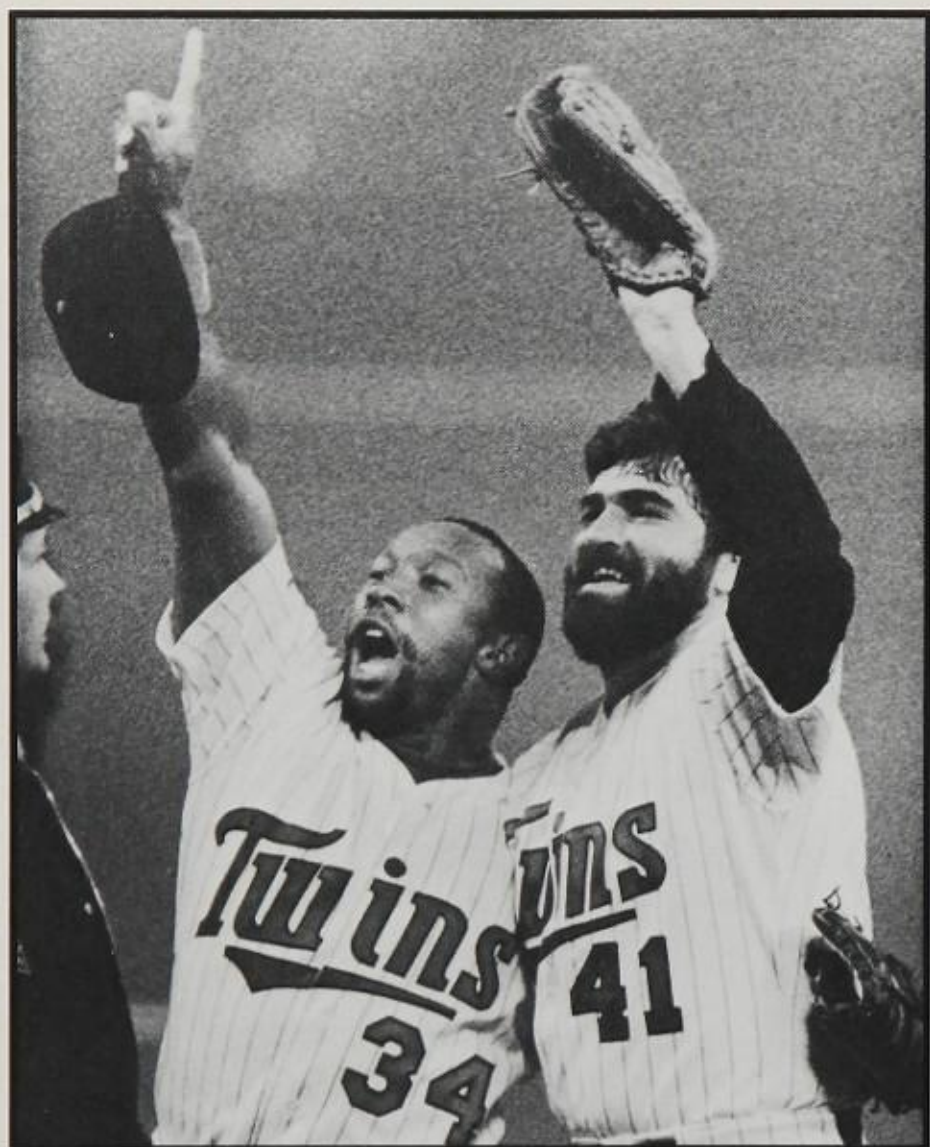

A barge filled with 3,128 tons of garbage became a national joke and a symbol of the nation's worsening problem with solid waste management. The barge, looking for a place to dump its cargo, was banned by six states and three foreign countries before an incinerator reduced it to ash.

Television evangelists Jim and Tammy Faye Bakker said farewell to the PTL ministry in March, 1987. Jim Bakker resigned after confessing to a sexual encounter with a young woman. Tammy Bakker bowed out of the broadcasts to undergo treatment for drug dependency.

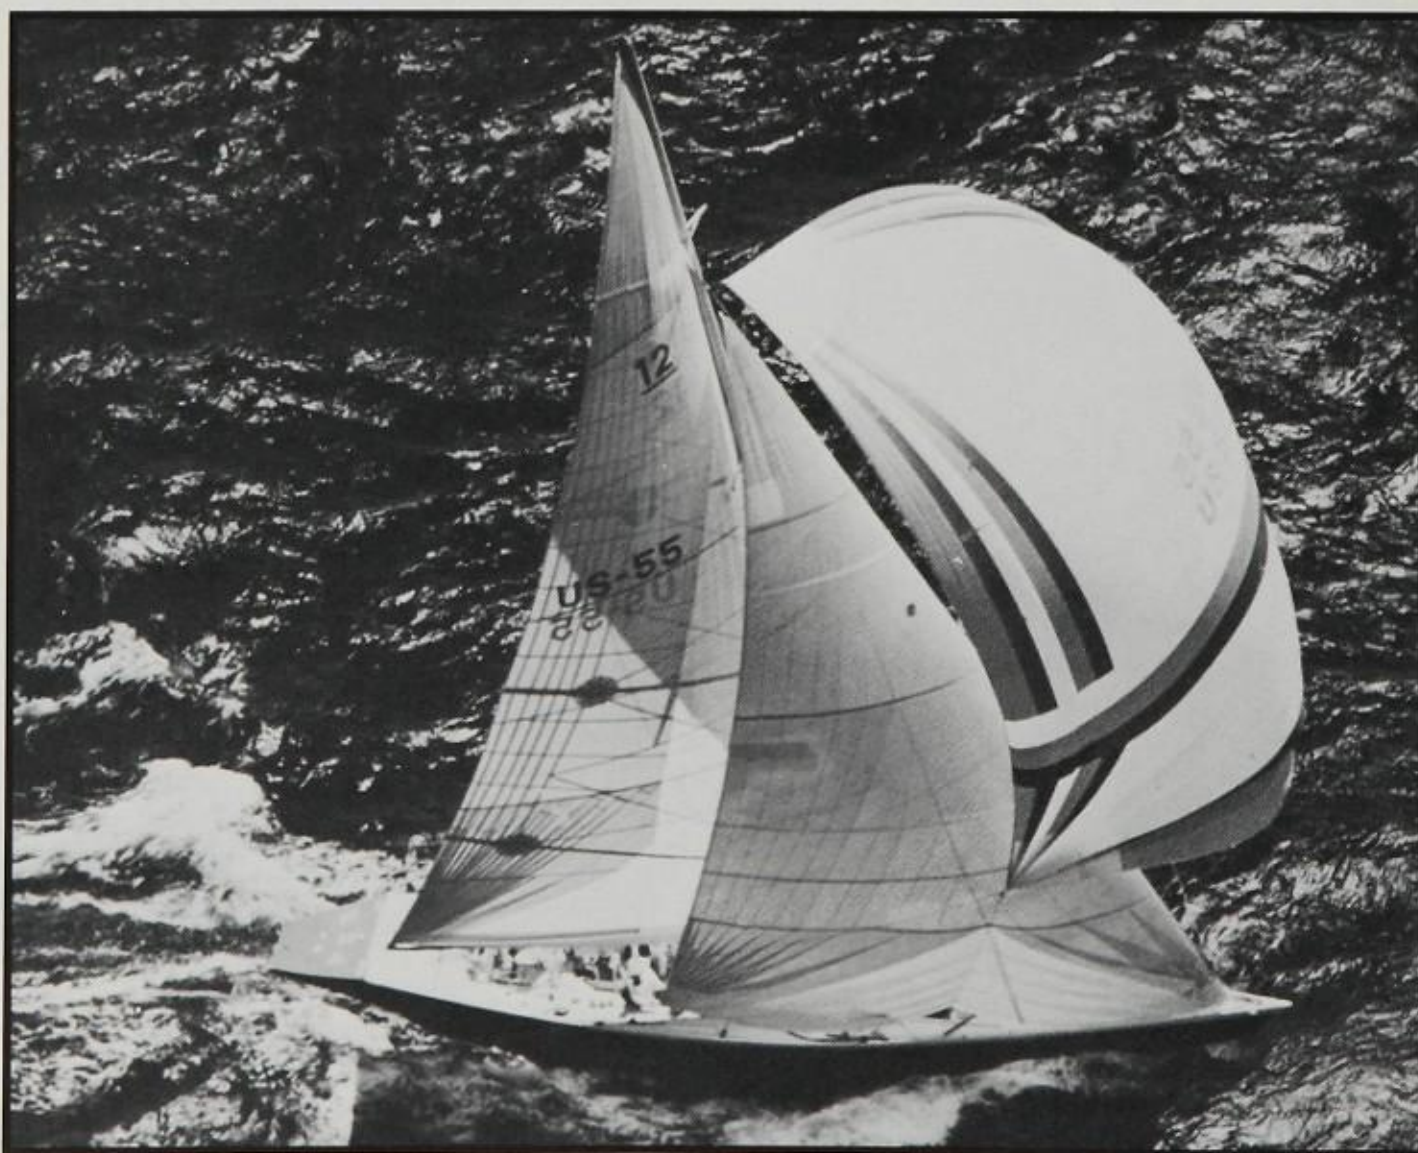

Democratic presidential candidate Gary Hart was forced to drop his bid for the presidency after it was reported that he was romantically involved with Donna Rice, a 29-year-old aspiring actress and model from Miami. He later rejoined the race.

Kirby Puckett and Jeff Raerden of the Minnesota Twins celebrate their World Series victory over the St. Louis Cardinals.

A 24-day strike by the NFL players ended in mid-October when the union capitulated and went to court instead of trying to fight the club owners at the bargaining table.

Dennis Conner, the man who lost the America's cup in 1983, won it back four years later. The Stars & Stripes completed a 4-0 sweep over Australia's Kookaburra III in the race that took place in Australia.

Madonna had another fabulous year with many of her songs hitting the TOP 10 and some even went to Number 1!!

Miss Michigan, Kaye Lani Rae Rafko, a nurse who shook up the talent competition with a Polynesian dance, was crowned Miss America 1987.

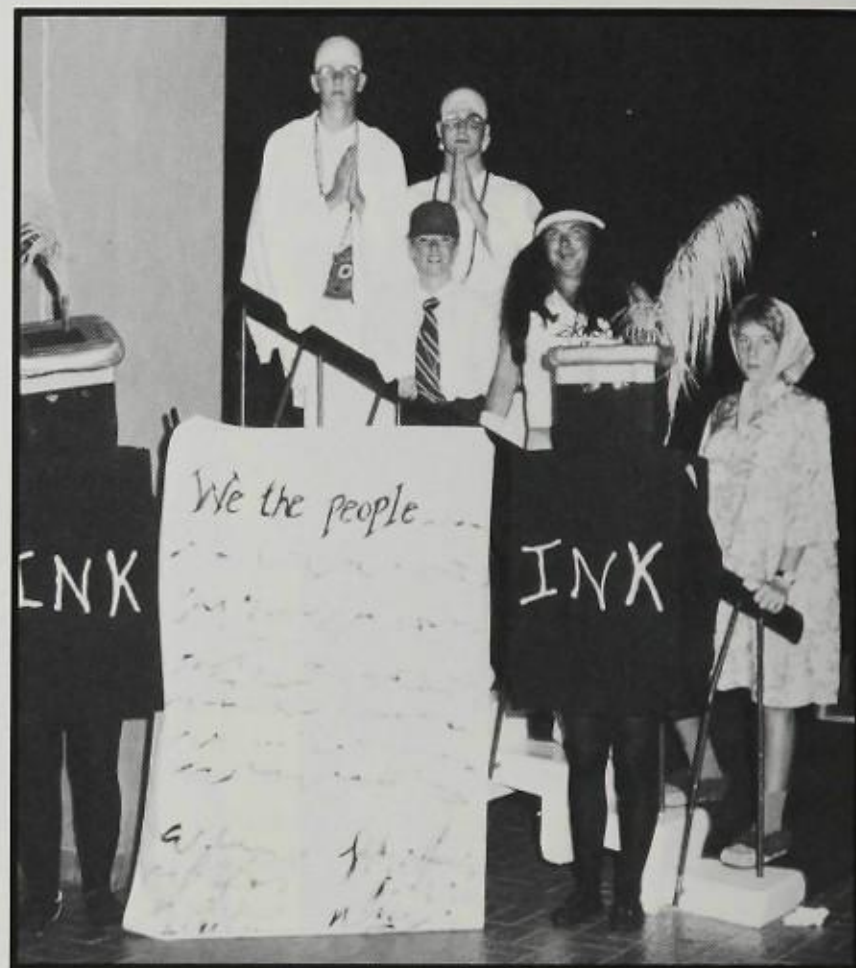

Whitney Houston achieved great success in 1987 and 1988 thanks to her great songs, and her heavenly voice.

Homecoming 1987 . . .

The Faculty cheer was, as usual, a highlight of homecoming.

"We the people", knock it off, Hare Krishna once again in 1987.

The Miami Country Day School offensive machine prepares to penetrate the Eagles defensive line.

Laurie Troost the new Homecoming Queen, enjoyed a romantic evening with Dorian Paidas.

Frank Fernandez punts the football with a smooth professional kick.

Once again, the Miami Country Day School Homecoming Festivities were fun-filled and action packed. The skits were hilarious, the cheers were spirited, the game was exciting and the dance was a special ending to a wonderful week.

The Homecoming dance was on Halloween Night, so the students masqueraded as early Americans to celebrate the bicentennial of the Constitution.

We the Spartans . . .

Mr. Creeden and Ms. Rosenfeld open the 1987 Homecoming skits with the pledge to the flag.

This skit showed off the aerobic conditioning needed to be a Freshman.

Kensworth Harris tries to halt the unstoppable Junior stationwagon.

The Junior skit taught a lesson in morals as well as being extremely funny.

The laughs kept everyone in good spirits.

Ms. Rosenfeld discussing the MCDS skits Bill of Rights.

The Sophomores' education of the whole child.

Halloween

Blaire Lesser shows the photographer her gypsy outfit.

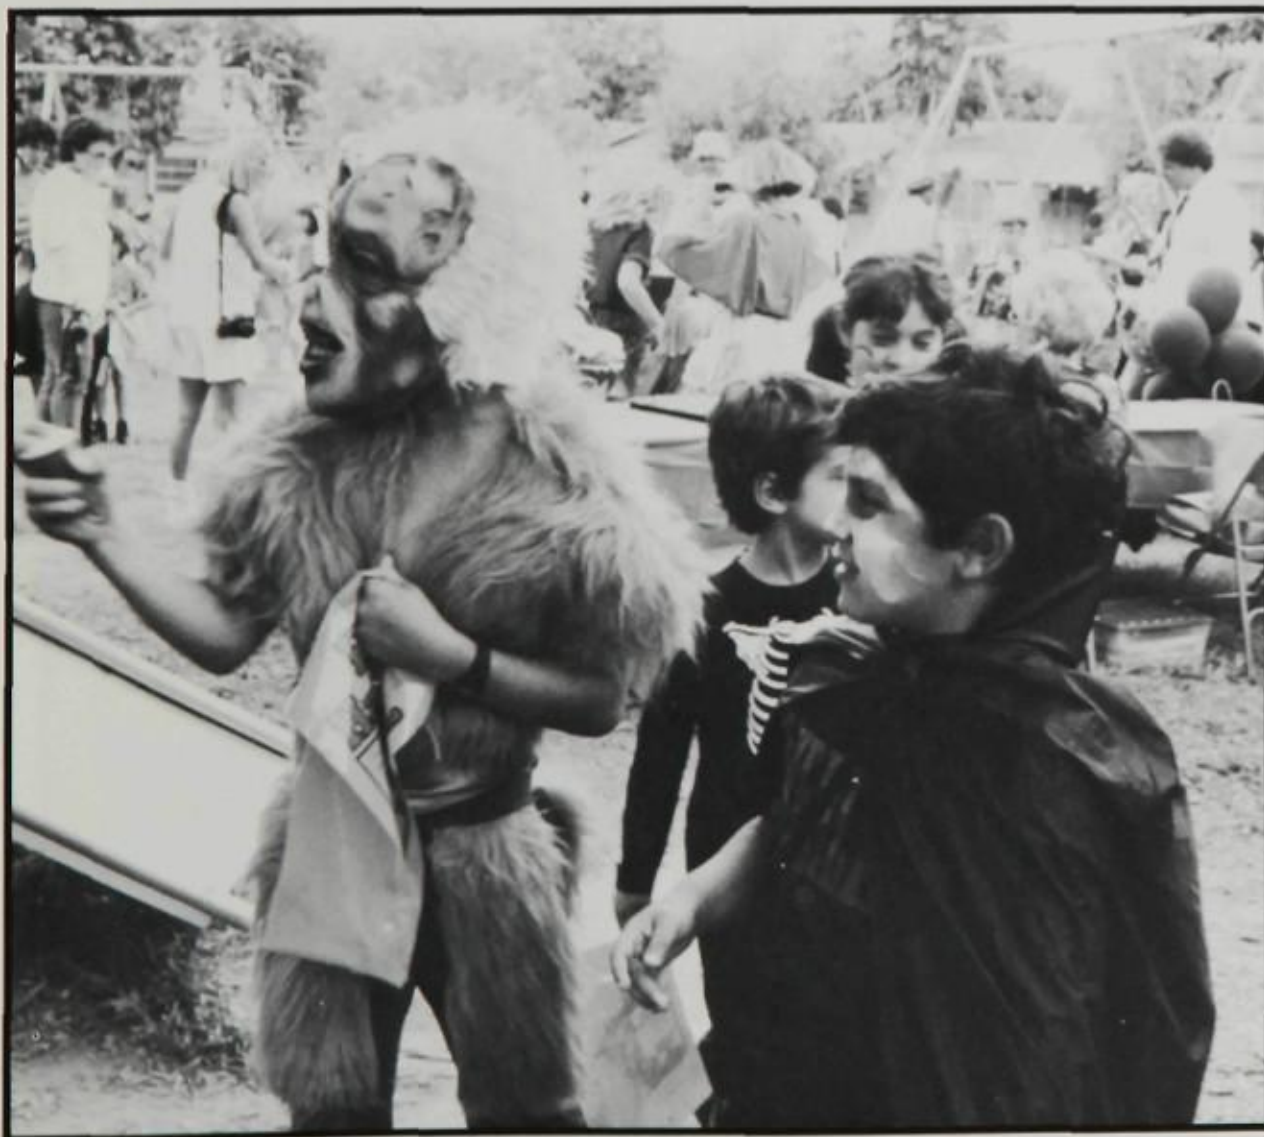

Two Lower School Students display their new "spooky" T-shirts.

"I pledge allegiance to the ..."

"A Hug For The Photographer?"

Dracula takes directions from the Wolfman.

A little boy gets into the swing of things.

Every year Halloween is a time to celebrate for the Lower School Students. There is a carved pumpkin contest, a parade of costumes, and a carnival. The Upper and Middle school students take time off and enjoy seeing the lower school students in the parade.

MIDDLE SCHOOL

A group of young colonists discover the camera.

Noah Lesser experiencing the colonial era.

Early Americans practicing their craft.

COLONIAL DAY

Young colonists learn how to prepare a meal.

At Miami Country Day School it has become a tradition to celebrate Colonial Day. The Middle School shows appreciation for the arts, crafts, and attire of their early American Ancestors. The students learn how their founding fathers lived and how they survived. This day also enables the students to understand the evolution of the society in which they now live.

The young Americans learn to churn and prepare their own butter.

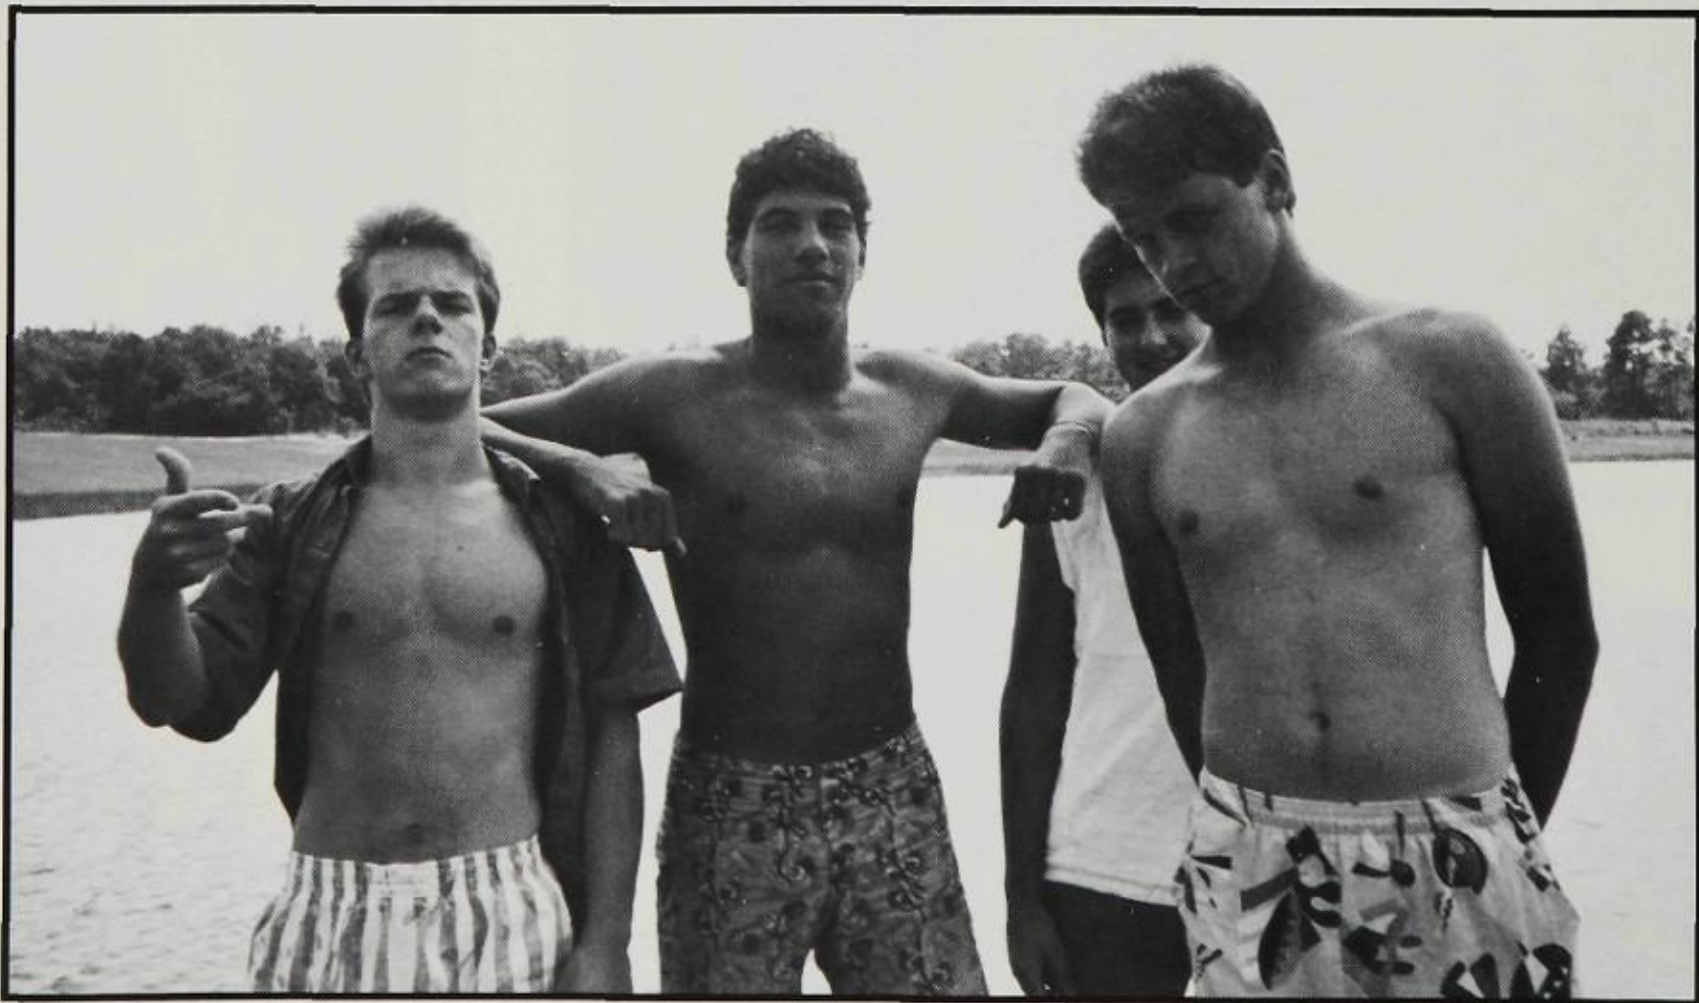

SENIOR RETREAT

Every year, at the beginning of the year, the Seniors take a weekend off and go to the Circle F Dude Ranch in Lake Wales, Florida. It is really a lot of fun and students really look forward to it.

Debbie Feuer, Raymur Flinn, and Myla Reizen relax in the barn.

Victor Morosco, Frank Fernandez, Fernando Martinez, and Jason Johnson take a breather from the fun!!

BAR-B-QUE

Mr. Creedon gets a piece of the pie at the pie-eating contest.

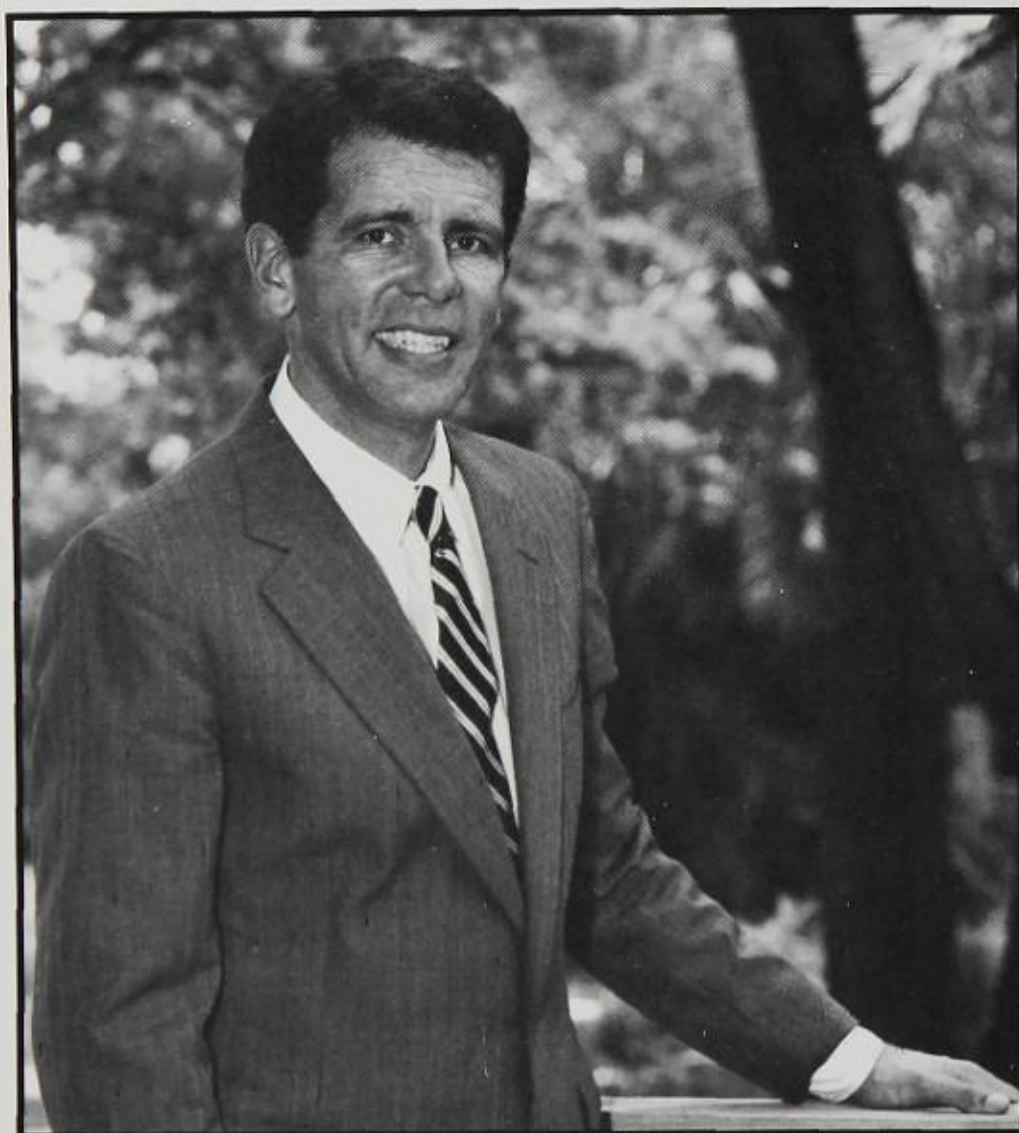

Isn't the shaving cream pie delicious?!?

HEADMASTER

William J. Creeden
B.S., M.S.Ed., University of Pennsylvania.

Verification — Progress — Enthusiasm. Thanks. These three words capture much of what 1987-88 for the Miami Country Day School community was all about.

The Florida Council of Independent Schools and the Southern Association of Colleges and Schools verified that our educational programs are well above average for their accreditation standards. FCIS and SACS Committee members deemed Country Day "a happy school where many fine things occur educationally for young people." FCIS continued our accreditation and we were newly accredited by SACS.

Yet, far more important than schoolwide accreditation, something else was verified this school year: life is fragile. We lost one of our own — Ricardo Baboun. His death shocked, saddened and stilled us for a time. His death reminded us of what a gift life is and how we value and use such a gift. Despite Ricardo's physical absence, his spirit goes forward with each one of us and will always remain a part of Miami Country Day. God bless you, Ricardo!

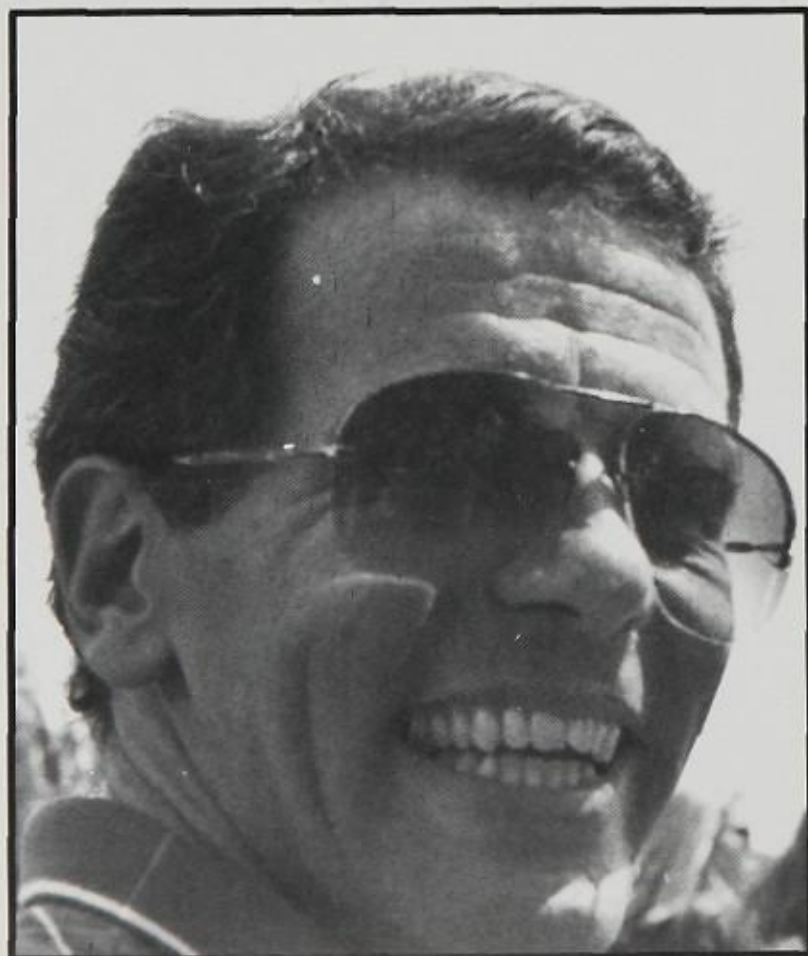

Our ongoing progress could be highlighted by Country Day's selection by the Council for American Private Education as a nominee for the United States Department of Education's prestigious national School of Excellence Award. Too, the addition and completion of the J. Calvin Rose Athletic Center demonstrated our constituency's commitment of progress and excellence of facilities and programs. And, nearly six hundred students progressed successfully through the educational process of an academic year developing their six human potentials.

Enthusiasm! Enthusiasm — the watchword for 1987-88. Parents come right to the forefront when we mention enthusiasm. The Parents Association contributed so much this year. The faculty, staff, students, and trustees were right there also, but it was the general enthusiasm and involvement of the parents that carried the year.

Lastly, special thanks to the faculty whose herculean efforts for the accreditation Self Study, the FCIS and SACS evaluations, and the CAPE application set you in a class by yourself. You are very special people as your students and their parents know.

Let us — all who make up the Miami Country Day community — look to the future together!

William J. Creeden

DIRECTOR OF UPPER SCHOOL

The Upper School sees its mission as the facilitating of the development of the whole student. Building around the dual parts of the curriculum, English and mathematics, the division provides students with exciting opportunities for academic growth. The advisory system creates a bond that enables teachers to work with students in addressing the values issues that arise during these years. A broad spectrum athletic and activities program galvanizes school spirit, builds self-esteem, and ensures physical well-being.

Preparing students for a productive college career at a school that is a comfortable, challenging one is a major concern of the division. To date, 100 per-cent of our MCDS graduates have been accepted to four-year colleges of their choice.

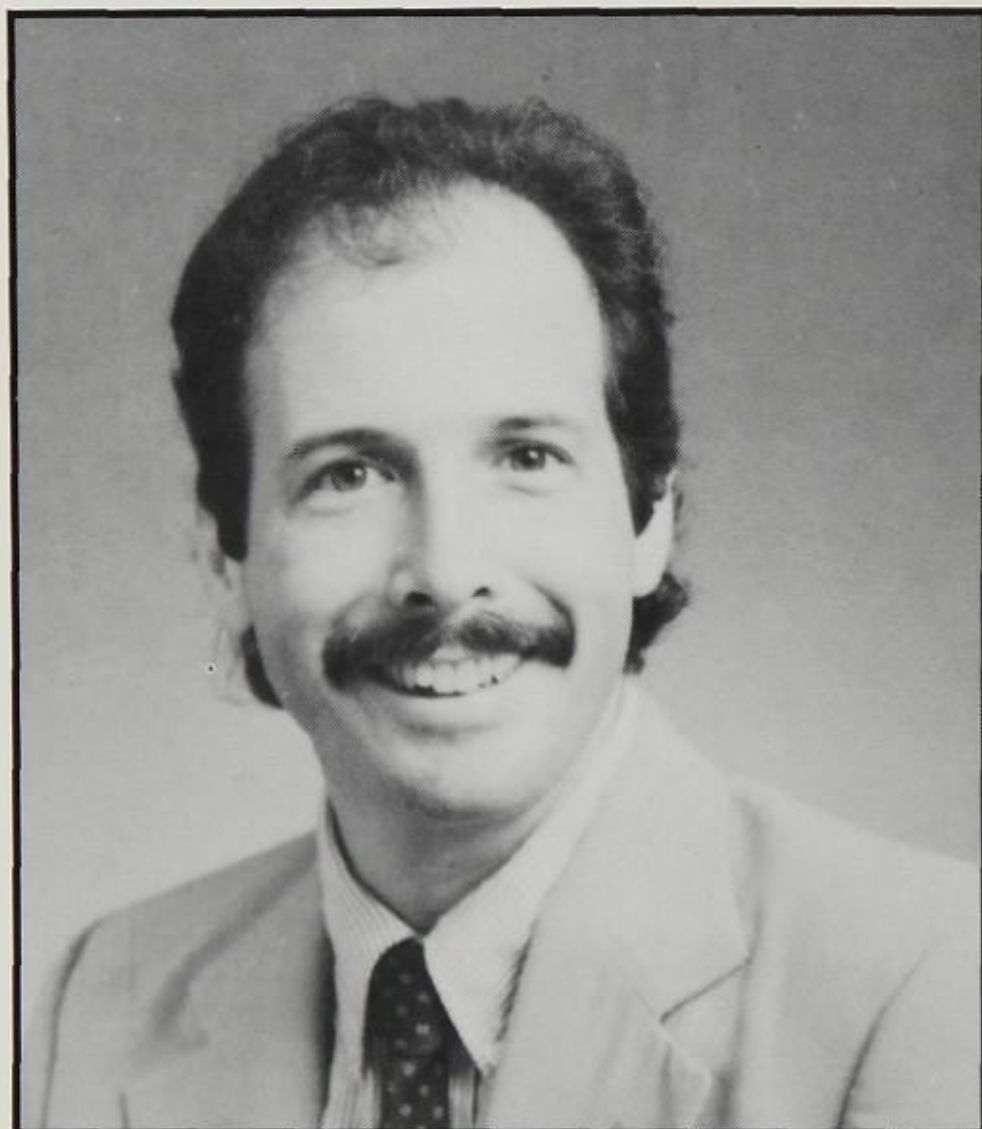

1987-88 was an introspective year for the Upper School as it prepared for the visitations of professional teams from the Florida Council of Independent Schools and the Southern Association of Colleges and Schools. Laudatory commendations were issued by both groups. During the year, a curriculum committee studied the division's curriculum to ensure that it met the needs of all students who have exhibited average to above average ability in academics.

DIRECTOR OF MIDDLE SCHOOL

John Davies.

M.A., Texas A & M.

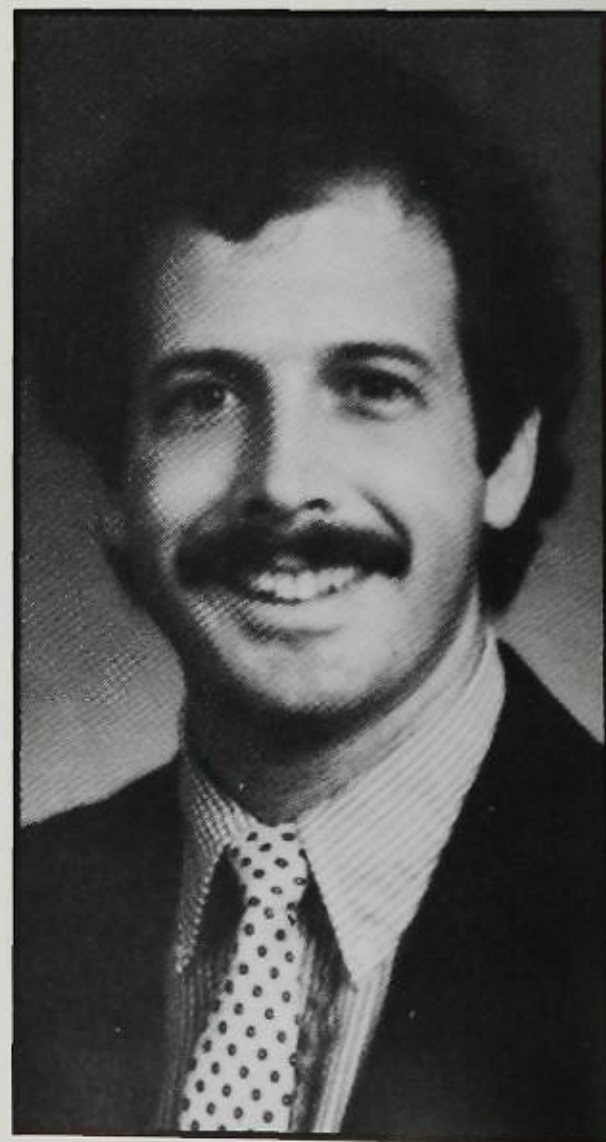

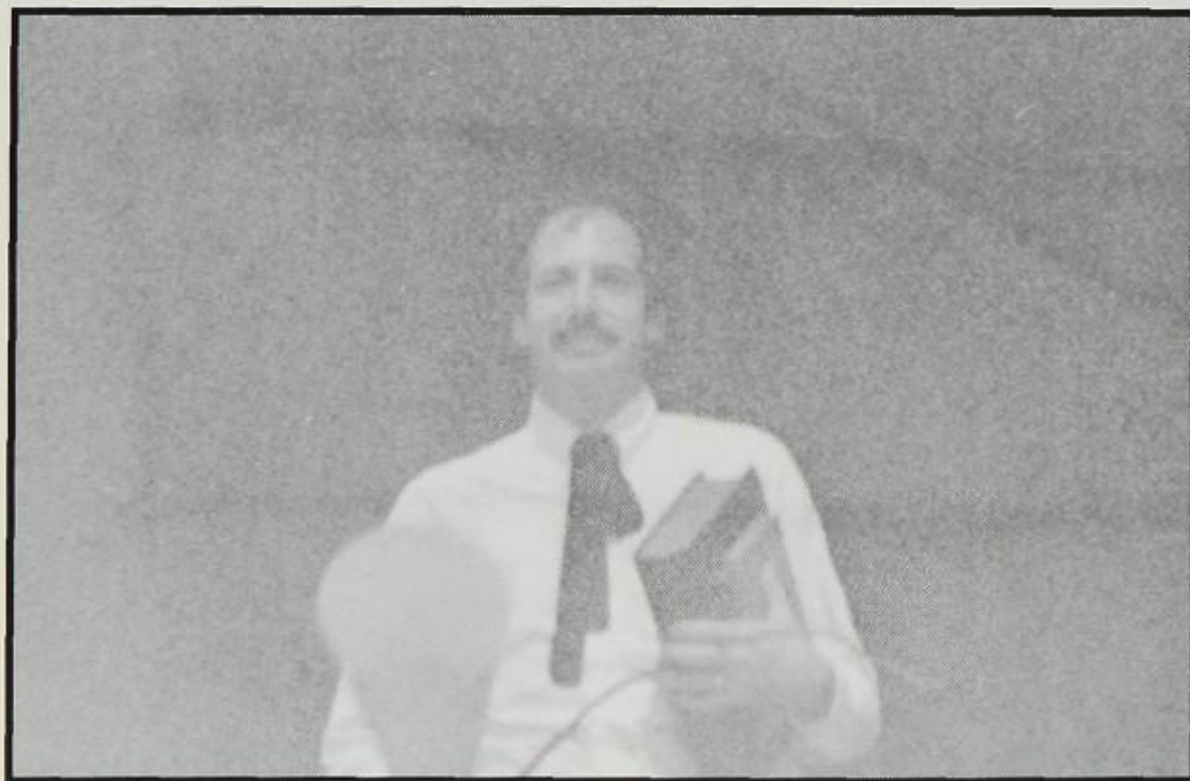

The middle years are a transitional time attended by much change and growth. In our middle school, we have worked hard to meet the needs of our students — and what a great group of young people they are. Enthusiastic, talented, motivated, energetic, are all words that describe our middle school students.

Their enthusiasm is reflected in everything from their play during break time to their participation in sports. The Toy Drive, Tin Can Tuesday, and performances outside the school show their enthusiasm for helping others. The Student Council has set a strong example for the rest of the school. Their enthusiastic leadership has been contagious.

The depth and variety of talent in our students is noteworthy. They have distinguished themselves through academic excellence. Middle School students have been recognized for their achievements in athletics, the performing arts, creative writing, public speaking and other areas as well.

Finally, if good students make good schools, certainly teachers must share in the credit for the formation of good students. Our Middle School teachers at Miami Country Day are a very caring, concerned faculty who understands and enjoys working with young people during this special time in their lives. It is this combination of wonderful students and teachers that make our middle school the nurturing place that it is.

John Davies

DIRECTOR OF LOWER SCHOOL

Joyful spirit characterizes the Lower School. The SAC report spoke of Country Day as "a happy place for children." Our holistic approach seeks the fulfillment of all six human potentials - intellectual, physical, spiritual, social, emotional, and aesthetic. "Data-based" more and more accurately describes our school. Experiential learning, process approach, critical thinking and interdisciplinary study are only a few of the ideas based in research that are becoming and integral part of our program for life long learning. The exciting news from the United States Department of Education that we have been selected one of eight private schools in Florida to be considered for the next step, a site visit, in the selection process for the prestigious school recognition program was an added honor this year.

COUNCIL

The Interclub council is essentially a council made up of the heads of all the other clubs, councils, and classes on campus. It was started in order to help run school activities smoothly. By keeping a general calendar, the ICC made sure that there were no conflicts in scheduling activities such as bake sales, dances, and car washes. Therefore all benefited from this council.

This year's student council began by carrying on old traditions, while starting a few new ones. Together with the cooperation of the Middle and Lower School, they put on successful tin can and food drives. As well as helping the community in that way, the student council also held the Annual Super Dance. This year's theme was "Caribbean Night '88", in which all had fun, and certain charities benefited from the night's activities.

The Key Club is involved in several community service projects including: visits to Villa Maria and volunteering for a phone call system called "latch-Key" children. We are also involved in organizing a raffle for fund raising projects.

The officers this year include: Laurie Troost as president, Amy Bloom as president-elect, Nooshin Ketabchi as treasurer, and Leslie Hauser as secretary.

This year the members of the Beacon Club have been busy doing various activities. As office aides, tutors, and assistants to Middle School sports, they have worked hard throughout the year to serve the school.

The Homecoming/Carnival Club was very successful in putting on this year's two major events. Starting the year they put on a most enjoyable Homecoming week, which ended with the dance at the Sheraton, Bal Harbor. From there, the efforts of the club were directed toward the Carnival. The Carnival is a chance for upper, middle, and lower schools to come together and have a lot of fun!!!

The Thespian Society is a fairly new club here at MCDS. It has expanded greatly since its beginning last year. The officers are Tripp Jones, president, Raymur Flinn, vice-president, and Linda Bruno, secretary/treasurer. The troupe participates in the local and national thespian convention where actors compete in various competitions. Improvisation and dramatic methods are taught by the sponsor Ms. Sandi Lewis. The troupe also sponsors and produces a play each year. Last year's production, David and Lisa, was a huge success.

The Spartan is Country Day's student newspaper. We try to cover campus and student activities, to learn some journalistic writing skills, and to get out a paper before all our articles are out of date.

The Miami Country Day School Yearbook, The Spartan is the time capsule for the 1987-1988 school year. In it's pages are the moments that help us remember. The yearbook staff is a hardworking team whose dedication and determination are the key elements to success. The editor, Bernardo Passaricllio has performed like a true Spartan. "Bernie" has always given 110% to this project, he has worked as photographer, layout artist, copy writer and editor. The other staff members have also contributed to this great endeavor. Next year the students will receive academic credit for their efforts.

The Staff of this activities group is dedicated to the creation of a magazine composed of literary works, prose, and poetry. In addition to writing the material, the members of the literary magazine compile works from the upper school student body. Illustrations, which have been done by the staff and other volunteer students appear regularly throughout the finished product adding an extra colorful dimension to the words on the page. This year's magazine strives to be the best thus far.

The National Honor Society this year has kept up their projects with the student tutorial program and devotionals, and have undertaken a new one: The Brain Brawl. By the way, Mr. Wolff has absolutely nothing to do with us.

Back row: Shelley Latimer, Claudia Santoni, Betty Collins, Nooshin Ketabchi. Front row: Sarah Rees, Amy Bloom, Valerie Hanft.

Back row from l to r: Jeb Benson, Mr. Wicker, Roger Javier, Vivek Iyengar. Second row: T.J. Prieur, Frank Fernandez, Richard Sirois, John King. Front row: Andy Abramson, Neil Andrea, Jason Jhonson, Juan Martinez, David Shulman.

BAND

The rock orchestra under the supervision of the "great" John Wicker, is a club designed for students who enjoy singing and playing popular music. The presidents of the club Jason Jhonson, Andy Abramson, and Frank Fernandez have contributed to the club's success. They have performed in many assemblies throughout the year and will go on to bigger and better things in the future.

The Jazz band, under the leadership of Mr. Wicker, has really progressed this year. The concert during an assembly was a real success and we hope to do live presentations more often in the future.
